

src/devices/kbc/kbc.h

```
graph TD; A[src/devices/kbc/kbc.h] --> B[stdbool.h]; A --> C[stdint.h];
```

The diagram illustrates a header file dependency. At the top, a box labeled 'src/devices/kbc/kbc.h' has two blue arrows pointing downwards to two separate boxes below it. The left box is labeled 'stdbool.h' and the right box is labeled 'stdint.h'. This indicates that 'src/devices/kbc/kbc.h' includes both 'stdbool.h' and 'stdint.h'.
